

# VOLUNTEER / EXERCISE INSTRUCTOR

WE ARE LOOKING FOR YOU AS A VOLUNTEER, MEMBER OR EXERCISE LEADER

Children should have fun, also during training and in the whole club. Many helpers, members, the board and the trainers regularly make sure of that. But this is still not enough, to organise all our goals, sporting aspirations, social projects and events beyond training and competitions to fully fulfil the values of the association. It is precisely the times outside of the training sessions that bring us closer together and where new friendships are formed. Beyond the borders of Germany the club engages in exchange and fair competition, especially with the twin town of Aue in Saxony.

Children swim with more pride and the will to win when their parents are in the hall with them. The family's interest in what the children are doing is very important for their children's development. „Don't just dump your kids in front of the hall“, be a part of us at the pool-side too, at the barbecue stand, as a set-up helper, exercise leader or wherever you have fun.

P.S. Exercise instructors receive an expense allowance for their hours within the framework of the tax-exempt amount according to § 3 No. 26 EstG. If you are interested, please contact us at [info@tsv-schwimm-sport.de](mailto:info@tsv-schwimm-sport.de) or directly at the Klingenhalle in Solingen during training times (see website).
